

Join the CACI Team!

CACI International Inc is seeking tech savvy professionals to help us support the DHS classified networks program. This program collectively referred to as SENS3, addresses the operations and maintenance, security, optimization, enhancement, design, engineering, architecture, integration, configuration, testing, and deployment of the DHS HSDN and C-LAN networks and infrastructure.

We are hosting a hiring event in your area. Don't miss this great opportunity to meet with our hiring team and learn more about us!

We are currently accepting applications for the following:

- Network Engineers
- Systems Engineers
- Systems Administrators
- Security Engineers
- ITSM professionals
- Windows/Linux/VMWare - Help and Service Desk Support
- Information Security Configuration Management
- IT Deployment Engineers

All positions require at least a SECRET clearance and a TS/SCI with DHS EOD is strongly preferred. Clearance level and certifications vary by position.

DHS SENS3 Hiring Invitational

Thursday, July 27, 2017
