Diverse Investors Student Experience

The Diverse Investors Student Experience (DISE) is a paid 10-week internship exclusively for rising college juniors to develop the critical skills needed for a successful career in the financial services industry. Participants in this program are part of a cohort of students bringing their unique perspectives to Fidelity’s Asset Management Division.

DISE introduces interns to Equity, Fixed Income, High Income, Strategic Advisers, Asset Allocation, and more through:

- **Education:** lectures and discussions led by college professors and Fidelity speakers
- **Experience:** projects designed to transfer learned skills and knowledge into the Fidelity workplace
- **Exposure:** mentorship, networking events, and site visits designed to build relationships and introduce Fidelity perspectives.

Interested candidates are required to submit an essay or video highlighting why they’re an ideal candidate for this program and how their unique differences can contribute to Fidelity’s Asset Management Division.

**Summer 2021 Program Details**

**Qualifications:**
Class of 2023

**Location:**
Boston, MA

**Application Window:**
August 3 – August 30, 2020

**From a former DISE Intern...**

Camille Harley
Brown University, Class of 2021

“I was amazed at the level of attention that everyone at Fidelity—even executive-level Fidelity professionals—gave our internship program. They were genuinely invested in our experience and work product. This fact sets the DISE program apart from almost any sophomore finance internship available.”
